Aid & Assist

We realise that ordinary First Aid trainings can be information-packed and overwhelming, and that this style of learning isn't suitable for everybody.

We can offer Aid & Assist - Aid necessities, such as personal safety and basic common aid, but with a focus on what to expect when calling for emergency services (111).

If an organisation would like to book or host one of these trainings, we can tailor design them to the needs and abilities of those attending.

If this is something you or your organisation are interested, please do not hesitate to contact us.
